## PROFESSIONAL SUMMARY

Master's student in Construction and Facilities Engineering at UNC Charlotte with experience in project planning, scheduling, cost tracking, quantity verification, and subcontractor coordination on large infrastructure projects. Former Planning Engineer with experience in schedule monitoring, billing support, progress reporting, and site coordination on a $98M public project. Proficient in MS Project, Excel, AutoCAD, and Bluebeam Revu. Seeking a Construction Management, Project Engineer, or Project Controls internship.

## EDUCATION

**University of North Carolina at Charlotte - Charlotte, NC**
Master of Science in Construction and Facilities Engineering | Expected Dec 2026

**Jawaharlal Nehru Technological University - Hyderabad, India**
Bachelor of Technology in Civil Engineering | Jul 2022

**Government Polytechnic College - Hyderabad, India**
Diploma in Civil Engineering | May 2019

## EXPERIENCE

**University of North Carolina at Charlotte - Charlotte, NC**
**Teaching Assistant | Jan 2026 - Present**

- Support 3 construction and engineering courses (2 undergraduate and 1 graduate) through grading, course coordination, and student support for approximately 200 students.
- Assist faculty with assignment evaluation, instructional activities, and course administration across multiple construction and engineering classes.
- Provide technical clarification, feedback, and coursework guidance to help students understand construction and engineering concepts.

**Megha Engineering & Infrastructures Ltd. (MEIL) - Hyderabad, India**
**Planning Engineer | Mar 2024 - Jun 2025**

- Supported planning and execution of a $98M, 1.1M sq. ft. public infrastructure and education facilities project.
- Developed and updated weekly and monthly project schedules in MS Project to monitor progress against baseline milestones.
- Coordinated with project managers, consultants, and 20+ subcontractors to resolve scheduling conflicts and maintain construction workflow.
- Tracked daily site progress and prepared progress reports to improve visibility into field execution and schedule performance.
- Supported billing and cost control activities by preparing client and subcontractor invoice documentation and verifying quantities in Excel.
- Assisted with delay-mitigation and resource-planning efforts to support timely project delivery.

**Graduate Engineer Trainee | Mar 2023 - Feb 2024**

- Prepared BOQs and BOMs to support procurement planning, quantity tracking, and cost control.
- Monitored material usage, site progress, and schedule performance to support construction reporting and field execution.
- Assisted with quantity verification, project documentation, and coordination of construction progress data.

## TECHNICAL SKILLS

**Software:** MS Project, Microsoft Excel, AutoCAD, Bluebeam Revu

**Construction:** Scheduling, Progress Tracking, Quantity Takeoff, BOQ/BOM Preparation, Billing Support, Cost Tracking, Reporting, Subcontractor Coordination

**Engineering:** Quantity Verification, Site Coordination, Pavement Design
